

order form

basic equipment

Pictures in this document may differ in details (special equipment).

- Aluminium frame, suspended and foldable
- Drum brakes with parking function
- Footstool, height and angle adjustable
- Adjustable seat cushion and padded backrest
- 16" rear wheels and 12.5" rigid front wheel
- Seat angle adjustable up to 30°
- incl. tipping support
- adjustable push bar
- Up to 90 kg user weight and 15 kg payload
- Sun canopy

Footrest, adjustable to lower leg length

Seat angle adjustment and suspension

Foldable

Attendant brake with parking function

Seat depth adjustment

JP-30002

size S

Seat depth 25-40 cm (up to 1.45 metre) up to 50 kg

JP-30003

size M

Seat depth 30-45 cm (up to 1.65 metre) up to 70 kg

JP-30004

size L

Seat depth 35-50 cm (up to 1.85 metre) up to 90 kg ((incl. suspension, double - JP-12810)

Options

JP-15401

Anti-tip device, left

JP-15402

Anti-tip device, right

JP-12810

Surcharge for reinforced seat angle adjustment / suspension

recommended from a user weight of 55 KG

JP-12850

Back adjustment, stepless

The back angle is smoothly adjustable and can be adjusted in the range of 110° - 160° (depending on the seat angle). In combination with the seat tilt, a comfortable position can be created.

requires anti-tip device on both sides

(JP-15401 und JP-15402)

Adapter system for front wheels

Thanks to the adapter system, JOSI-pro can be quickly and easily adapted to the conditions. As an additional advantage, the pack size can be significantly reduced by removing the front wheels. Lifting is easier due to the reduced weight and smaller pack size.

Wheels

Note: Pneumatic tyres

JP-12916

16" Rear wheel

JP-12920

20" Rear wheel

JP-15800

20" Spoke protection

JP-12950

20" Decon eDrive

incl. attendant control / spoke protector

requires anti-tip device on both sides

- 2.15" BigBen-wheels
- Simply switch the E-Drive Plus to freewheel, making the JOSI-pro easy to push
- The wheels are equipped with thru axles and can be easily dismantled.

JP-14101

8" Swivel wheel,

replacement to the fixed wheel

JP-14102

8" Swivel wheel,

in addition to the fixed wheel

JP-14300

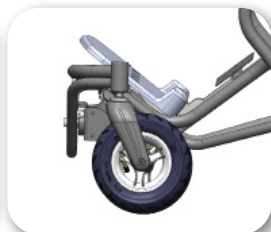

in exchange

8" Swivel wheel Duo

JP-14301

in addition

8" Swivel wheel Duo

The swivel wheel duo shortens the front end of the JOSI-pro significantly. This can be necessary in narrow spaces. The pivoting swivel wheel Duo is best suited for poor and uneven walkways.

JP-14200

in exchange

12,5" Front wheel PRO, adjustable and fixable

JP-14201

in addition

12,5" Front wheel PRO, adjustable and fixable

The front wheel Pro combines the advantages of the swivel wheel and the fixed front wheel in one.

The 12" swivel wheel can be locked. This means that uneven pavements or unpaved roads are no problem. As a further advantage, the directional stability can be finely adjusted.

Seating system

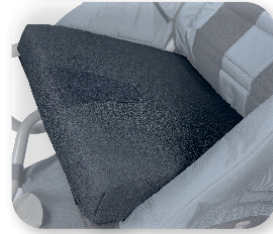

JP-10101
Headrest shell shape

JP-10102
Headrest V

JP-10305
Abduction wedge

JP-10301
**comfort cushion,
anatomically shaped
incl. memory foam**

In exchange for the seat cushion

Lateral support system, stepless adjustable

The pad system can be steplessly adjusted in both width and mounting position and can be used for a wide variety of positions. The flexible back system adapts to the body.

*A back cushion is required when using the pads.
For more flexibility and support, the pad system, pro is recommended
- see extended range of functions*

JP-10756 - size 6

JP-10757 - size 7

Accessories

JP-15300

Rain cover

JP-15600

Mosquito net

JP-12500

Extension for canopy

The sun canopy offers protection against both sun and rain. Due to the stable aluminium construction, it additionally protects the side area of the head. There are two zips at the front to attach the sun canopy extension, rain cover or mosquito net (two options can be used at the same time)

JP-15100

Bag, closed

The splash-proof bag is attached to the lower frame structure. It can be used open as a storage net or closed. Due to the mounting on the axle, a load of 5 kg is possible.

JP-15650-SZ

Slip bag, colour black

Slip bag lined with fleece. In the back area the slip back extends to the level of the pelvis, in the front area it reaches to the chest area. Can be opened/closed with a zipper on the left and right.

Extended range of functions

JP-15900

lowering seat frame / for small pack dimension

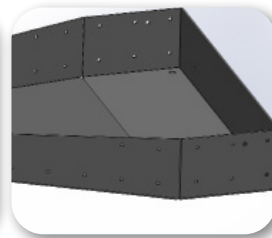

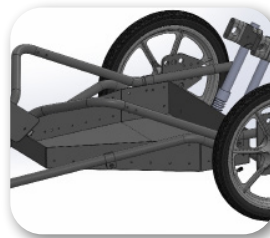

Optional transport lowering can lower the JOSI-pro around 8 cm when folded. This allows the JOSI-pro to be folded even more compactly.

JP-15110

Platform for medical device

The platform can support loads of up to 15 kg and is equipped with mounting points. A floor pad and fastening material for webbing up to 40 mm are included in the delivery. The attachment points can be freely selected through the mounting points.

Extended range of functions

add number of pieces

JP-10221

Pelotte system, pro - size 1 (10 x 12 cm)

JP-10222

Pelotte system, pro - size 2 (12 x 18 cm)

The pads are available in two different sizes. The pad can be rotated in 90° steps. Due to the two sizes and the infinitely variable adjustment, the pad can be used in all body positions. The mounting positions are possible at seat, leg, upper body and head position.

JP-15200

Bike option incl. track widening

The bike option offers the possibility to use JOSI-pro as a bike trailer and is only approved in combination with the track widening.

incl. track widening 95mm and 5° wheel camber

re required anti-tip (as wheel camber) + five-point belt (JP-15401 or JP-15402 + JP10790)

JP-15220

Track widening

track widening 95mm and 5° wheel camber

JP-15500

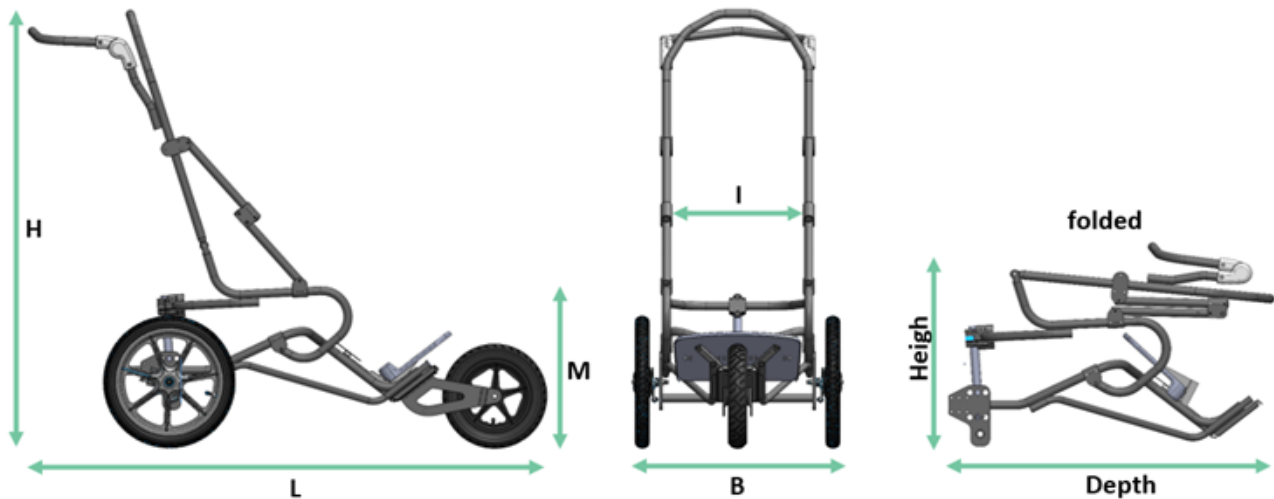

Safety kit for trailer

- Reflector white, front side, - rear bike light red, back side left - reflector red, back side right - safety flag

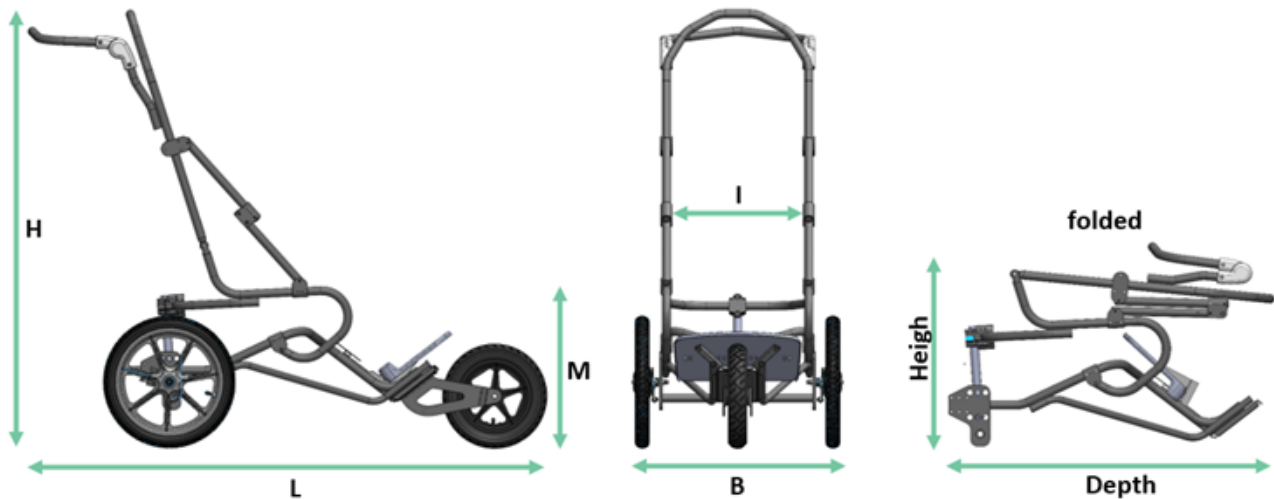

50000D00225-00000

Weber adapter for bike
